1. Requirements for admission, readmission, and transfer will apply to foreign students.

2. Admission for foreign students will be subject to the immigration laws and regulations in effect.

3. Universidad Metropolitana at the Capital Area Campus is authorized to receive students with F-1 Visa. Interested applicants must contact the Director of Integrated Services for specific related processes.

### READMISSION

Once admitted to a program, it is expected that a student will register consecutively each term (except summer) and maintain satisfactory academic progress. Students with satisfactory academic progress that wish to resume their studies after an interruption of one semester or more must apply for readmission and:

1. Have a cumulative GPA that meets the retention index.

2. Approve the required percentage of credits of the total attempted credits.

3. Have completed the period of suspension due to academic reasons, accumulated credits or for disciplinary reasons, if applicable.

4. Fulfill the requirements of the program of study applied to, and all other general admissions requirements that apply.

Each student applying for readmission to the institution will be subject to the curriculum in effect for the program of study to which he or she is admitted. Each candidate for readmission may be subject to an interview with the Academic Director or the Director of Integrated Services.
ADMISSION VALIDITY

1. Students can only enroll in programs offered at the time of their admission or readmission.
2. Admission or readmission to the University will be valid for the registration period after the date of admission.
3. Students must fulfill the admission requirements by the dates established in the academic calendar. Applications that are not accompanied by the required documents, or that do not meet the established requirements will be considered provisional applications. If the documentation is not received within the semester for which the application is submitted, the Institution may invalidate the student’s provisional admission and cancel his or her registration.

LANGUAGE PLACEMENT TESTS

All prospective students are required to take English and Spanish placement examinations. These tests help to place students in the most appropriate language level and courses. They also identify the developmental work required by students while enrolled in a degree program. Finally, prospective students who do not score at or above the required thresholds must register in a total immersion language course prior to enrolling in a degree program.
UNDERGRADUATE DEVELOPMENTAL COURSES

The undergraduate English language developmental courses are: ENGL 050-O and ENGL 102-O. Students are required to take both or only ENGL 102-O according to the score of their placement test.

The undergraduate Spanish language developmental courses are: SPAN 100-O and SPAN 102-O. Students are required to take both or only SPAN 102-O according to the score of their placement test.

Test out rules are included in the Discipline Based Dual Language Immersion Model®, Language Placement Testing Rules.

GRADUATE DEVELOPMENTAL COURSES

The graduate English language developmental courses are: ENGL 500-O, ENGL 501-O and ENGL 502-O. Students are required to take one, two or all of the courses according to the score of their placement test.

The graduate Spanish language developmental courses are: SPAN 500-O, SPAN 501-O and SPAN 502-O. Students are required to take one, two or all of the courses according to the score of their placement test.

COURSE MODULES AND LANGUAGE OF DELIVERY

The Universidad Metropolitana Capital Area Campus follows the Discipline-Based Dual Language Immersion Model® developed by Sistema Universitario Ana G. Méndez for its courses. This model provides for the development of English and Spanish language skills while equally exposing all students to the general education and professional content in both languages. The model seeks to develop students who can function professionally in both English and Spanish.

The rigorously selected and certified faculty community at all mainland campuses utilizes a wide variety of educational materials and resources as well as course modules. The modules contain the information about course objectives, topics, assignments, and most importantly serve as study guides for teachers and students by including possible learning activities to be carried out in class.
Each module also serves as a content planning guide that complements (not substitutes) course materials and textbooks. The instructional design for the modules organizes content into weekly workshops with their own specific objectives and recommended activities to meet the college level objectives.

Modules are prepared by program facilitators. In order to prepare modules, faculty members must be trained and certified as a Module Developer Specialist and Dual Language Professional. All modules are available to students and faculty electronically through the Learning Management System: Blackboard®. Instructional modules can be accessed remotely through the internet.

Modules for the Capital Area Campus also specify the percentages of English and Spanish used each week, ensuring equal exposure to both languages in the content area to achieve full proficiency in English and in Spanish. Content courses are taught in the dual language instructional design. Each lesson within a module contains specific directions about the instructional language to be used. This can be controlled, for example, by specifically listing reading for a specific week in English, while assignments and/or student presentations are required in Spanish.

Modules include texts, references, and hyperlinks in both languages and students will be engaged in college level classroom activities in both languages. The modules developed allow the students to be exposed and to facilitate their use of both languages in order to promote the development of bilingual professionals. All modules are presented with the dual language format, except English and Spanish courses that are entirely in the corresponding language.

**LANGUAGE SUPPORT AND E-LAB**

A Language Lab and an E-Lab that provides students with the means to improve their proficiency in English and Spanish are available to support students in order for them to reach the desired level of bilingualism. One of the functions of the Language Lab is to offer preparatory courses for students who do not meet the language requirements to enroll in a degree granting program. Various rigorous and challenging software programs at different proficiency levels are used. NetTutor® online tutoring services are available in both English and Spanish. Other online resources such as the Turabo’s Virtual Library, E-Books (Spanish and English), Tell Me More online, Rosetta Stone and Wimba voice are available. Students may request the E-Lab informative brochure from the Integrated Services Office at any time.

The Electronic language laboratory (E-Lab) was designed to help students strengthen their linguistic skills in English and Spanish. The lab counts with a wide variety of visual and auditory
on-line exercises that allow students to improve crucial areas such as listening comprehension, pronunciation, vocabulary building, grammar, reading comprehension, and writing. The lab also includes a package of carefully selected ESOL (English to Speakers of Other Languages) websites to meet student’s needs as well as other software to boost language learning such as “Tell Me More”, “Rosetta Stone” (English and Spanish versions), Ellis Business, Ellis Master Pronunciation, Math Media Algebra, Math Media Basic Series, Spanish websites, Internet-Based Research and Guided Writing Activities. In addition, the lab administers the placement tests and coordinates tutoring services.

The goal is to provide students with a high-quality education in both languages (English and Spanish), and offer them tools to ensure success in their university and professional lives.

REGISTRATION

REGISTRATION VALIDITY

1. The Campus Director, in collaboration with the Registrar, will determine the registration dates and will include them on the Academic Calendar.
2. The receipt of the official notice of admission will be required to begin the registration process.
3. Students will be required to register according to the calendar and times announced. Students may register on the day and time assigned or during the specified late registration period set and notified on the academic calendar.
4. Each course the student registers for during regular or late registration will become part of his or her permanent academic record.

MAINTAINING THE ACADEMIC OFFERING: PROGRAMMING OF COURSES, CLOSING, AND ELIMINATING SECTIONS

The Institution will follow the SUAGM Manual of Norms and Procedures for Programming, Closing, and Elimination of Courses for maintaining academic offerings, programming of courses, closing, and elimination of sections. This manual is available at the campus.

CREDIT FOR PRIOR LEARNING: CHALLENGE EXAMINATION OR PORTFOLIO

Students may obtain credit for prior learning through passing challenge examinations or the evaluation of portfolios by assigned Faculty. A challenge examination is an assessment of the student’s mastery of course content prepared by a certified faculty member in the institutions. A
portfolio is an essay with supporting documentation that demonstrates a student's mastery of course content.

The following policies and procedures will apply:

1. The student must be registered (full or part time) and must have demonstrated consistent satisfactory academic progress during his or her studies. The student must receive academic advisement as to the process that is required with student services staff.

2. **For the Challenge Examination Option:**
   
a. The student must obtain related documents from the Integrated Services Office. The student will receive a general orientation and will complete related documents. Documents will be referred to the Academic Director for initial screening before referring them to a subject academic specialist for final analysis.
   
b. Upon approval, the student will be notified for corresponding payment to be made. The Academic Director and/or its designee will issue a permit for the exam and provide an examination study guide to the student.
   
c. The student will take the examination on the advertised date.
   
d. A certified faculty member with expertise in the area of the exam will grade the examination and award the correspondent grade based on the test results. Appropriate documentation will be submitted to the Registrar.

3. **Portfolio Option:**
   
a. The student must obtain the related documentation from the Integrated Services Office. The student will receive a general orientation and will complete related documents. Documents will be referred to the Academic Director for initial screening before referring them to a subject academic specialist for final analysis.
   
b. After recommendation from the advisor, the students register for EXPL101, a one-credit course that prepares students for the preparation of portfolios according to standards.
   
c. Once the course is completed, the student will register for the portfolio evaluation and make the corresponding payment.
   
d. The portfolio will be presented to the Academic Director, who will submit it for evaluation and awarding of credit to a certified faculty member in the area of expertise. If applicable, the faculty member will award a grade of “P” for the course.
   
e. Appropriate documentation will be submitted to the Registrar.
4. No more than 25% of total program credits may be awarded for prior learning. Credit awarded through challenge examinations or portfolio cannot be counted towards meeting residency requirements.

**TRANSFERABILITY OF INSTITUTIONAL CREDITS**

Courses taken at the three institutions are generally accepted for transfer to other institutions. However, the transferability of credits is solely at the discretion of the accepting institution. It is the student’s responsibility to confirm whether or not credits will be accepted by the institution chosen by the student.

**PROGRAM CHANGES, WITHDRAWALS, AND SPECIAL PERMITS**

**RECLASSIFICATION OF PROGRAM OR MAJOR**

Active students may apply for reclassification of a program or major by submitting an application for reclassification to the Registrar.

**WITHDRAWALS**

To apply for a partial or total withdrawal, students will submit the application for withdrawal to the Integrated Services Officer or Registrar within the dates specified to be final and official.

1. **Withdrawals with Reimbursements:**
   Courses in which the student applies for partial or total withdrawal during the period established by the Institution for withdrawals with reimbursements, will affect the academic progress of the student. In the event of a partial withdrawal, the student will be classified in the category he or she is in at the end of the withdrawal with reimbursement period.

2. **Withdrawals without Reimbursements:**
   When students request a partial or total withdrawal from a course after the established due date specified on the Academic Calendar for withdrawals with reimbursement, the student’s academic progress will be affected.

3. The institution may drop a student on the recommendation of the Discipline Committee or the Campus Director, following the provisions established in the Student Handbook.
SPECIAL PERMITS

1. Students will have the opportunity to take courses at other accredited university institutions, if the courses are not offered at the Institution and are required to continue on to other courses in the following semesters.
2. To apply for a special permit, the student will submit the corresponding application form to the Integrated Services Office or Registrar.
3. Students requiring a special permit will receive the recommendation from the Academic Director, before submitting the authorization form to the Integrated Services Office.
4. The special permit will be given for an academic semester or summer session.
5. Courses approved with a grade of “B” or higher at the institution will be considered. The credits will be considered as attempted credits and will not be considered for the retention index.

ACADEMIC LOAD, CLASS ATTENDANCE, AND ACADEMIC ADVISING

ACADEMIC LOAD PER TERM

Courses are scheduled in semester terms. Each semester is divided into five or eight week part of terms.

1. The regular academic load will be concurrent enrollment in six (6) credits.
2. For an academic load of more than eighteen (18) credits per semester, or enrollment in more than eight credits per term, the student will need authorization from the Academic Director or the Campus Director.

ATTENDANCE

Regular attendance and participation in class discussion and activities is expected. It will enhance and enrich the experience for the entire class. If the student expects to miss class for any reason it is the student’s responsibility to notify the professor by email or telephone prior to class. Professors may take student attendance into consideration when grading and should explain the possible impact of absences on the student’s grades. Professors are not required to allow students to make up work. Students are responsible for all material covered during the course, regardless of whether they are present in class. Thus, attendance is strongly recommended to better facilitate student achievement of academic goals.

A census is made during the first weeks of each term to determine whether the student attended at least once during the period of enrollment.
EVALUATION OF STUDENT’S ACADEMIC ACHIEVEMENT

EVALUATION SYSTEM

Credit Value:

One semester credit hour is equivalent to a minimum of fifteen (15) hours of planned college level learning experiences composed of hours of instruction and individual or group activities as indicated in the course module under the guidance of a qualified instructor.

Partial and Final Evaluations:

1. In each part of term (PT), professors will evaluate students based on four evaluative competencies where there will be at least a partial evaluation and a final evaluation.
2. The weight of each evaluation will depend on the judgment and evaluation method of each professor. These evaluations may consist of exams, projects, cases or other appropriate activities in the judgment of the professors and depending on the nature of the course.
3. It will be the responsibility of the students to clarify with the professor any situation related to their evaluations.
4. If the student has been absent for justified reasons, the professors may give the student an opportunity for make-up exams or other means of evaluation.
5. Students must complete the work required for the evaluations by the last day of class as established in the academic calendar. Otherwise, they will receive zero (0) for each work not completed.

Responsibility of Professors:

1. It will be the responsibility of the professors to inform the students of at least one partial evaluation before the last date established for partial withdrawals.
2. It will be the responsibility of the professors to comply with the academic calendar and to inform the students, at the beginning of the course, of the course objectives and content, exams and other work that will be required for their evaluation.
Grade System:

**Letter Grade System and Grade Points per Credit**

1. For the purpose of computing the student’s average, the number value of the grades in the courses will be:

   - A (90 – 100) - 4.00 excellent
   - B (80 – 89) - 3.00 good
   - C (70 – 79) - 2.00 satisfactory
   - D (60 – 69) - 1.00 deficient
   - F (0 – 59) - 0.00 failure (no grade credit)

2. The following system of letters will be applied in special cases; they will not be considered for student’s average, except for the WF.

   - W = Official withdrawal
   - WF = Stopped attending the course without applying for withdrawal at the Office of the Registrar.
   - I = Incomplete
   - IP = Incomplete in progress
   - P = Passed course that does not affect the GPA
   - NP = Not passed
   - NR = Grade not reported
   - * = Repeated course
   - WN = Administrative withdrawal, Student registered but did not attend classes on the first day, (no grade points)
   - WA = Administrative withdrawal, the Vice chancellor approves a student withdrawal due to certain reasons.
   - T = Transfer course

*A minimum average of “C” is required for all degrees.*

A course with a “W” indicates a withdrawal from a course.
A “WN” Indicates no assistance to a course within the first few days after classes begin (no grade points). It is reported on the official census roster.

A course with an “I” indicates that a student, is absent from the final examination or does not satisfy all financial obligations to the University, will receive an incomplete as a provisional grade.

A course with a “WA” indicates an administrative withdrawal approved by the Campus Director given for one of the following reasons:

1. Possibility of danger to the health of the student or that of other students if enrollment were to be continued.
2. Refusal to obey regulations or serious misconduct on the part of the student.
3. Deficient academic work (below required academic standards).
4. New admissions that do not complete the admissions application with the required documentation by the date scheduled in the Institution’s calendar.

Once assigned by the professor, the grades are final and certified by the Registrar’s Office in the students’ official transcript. Nevertheless, a student has the right to appeal his/her grade to the Appeals Committee.

### INCOMPLETES

**Conditions:**

1. The student will receive a provisional grade of Incomplete only for a justified absence to an exam or final work and if he or she has a minimum of partial grades.
2. The final exam will be offered or the final work will be accepted only for students who have the opportunity of obtaining a minimum final grade of “D”.
3. It will be the student’s responsibility to make the necessary arrangements with the Professor and the Academic Director of the campus to determine how to take the exam or turn in the final work and remove the Incomplete.
4. The Incomplete (I) may be removed if the student completes the work required in the academic session within (1) one academic semester of the first day of class of the following session and according to the dates established in the academic calendar.
5. A student receiving Incomplete in one or more courses does not achieve academic progress. Once the Incomplete is removed, according to institutional policies, financial aid will be reinstated, only if it is within the dates established by the Federal Government for assigning financial aid.

**Responsibility of Professors:**

1. It will be the responsibility of the professors, at the end of each academic term, to submit to their respective Registrar the Incomplete Form and Grade Register. The forms must include the student’s name and indicate the partial grades obtained with a blank space for the pending grade. The professors will also submit exams with corresponding answer keys or will indicate the work or assignments each student has pending.
2. Upon completion of the term specified to complete the students’ academic work, professors will have thirty (30) additional days to hand in the documents for removal of Incompletes to the Registrar’s Office where the Official Grade Register will be completed and final grades will be given.
3. When completing the Grade Register, the professors will specify the partial grades received by the students. In those cases where the student did not complete the academic work during the established period, the Registrar will compute the final grade, inserting a grade of zero (0) for the pending work.
REPEATING COURSES

1. A student who wishes to repeat a course will have the liberty to do so. Core Professional and Major or Concentration courses at the undergraduate level must be passed with a minimum of 2.0 (C); all graduate level courses must be passed with a minimum of 3.0 (B).

   a. When a student obtains a C, D, F, W or WF in courses that are required for graduation at the undergraduate level (Core professional courses, major and concentration courses) that must be passed with a minimum of C, it will be compulsory to repeat the course.

   b. When a student obtains a C, D, F, W or WF in courses that are required for graduation at the graduate level (all graduate courses) that must be passed with a minimum of B, it will be compulsory to repeat the course.

2. The institution will allow a student who has obtained a C, D, F, W, WF or WN in a course to repeat it using financial aid, if he or she has not exceeded 150% of attempted credits.

3. Students who repeat a course will receive the highest grade obtained for purposes of their academic average.

4. If the grades obtained are the same as the previous ones, they will be counted for the GPA and only once for the graduation average.

5. In the case of Practice/Practicum/Internships courses, the student may repeat the course a maximum of two times. He or she will only be able to repeat the course the second and last time with the approval and recommendation of the Academic Director and the practice supervisor.

6. No student will repeat a specified course until he or she has received a grade for it.

7. Repeated courses will be considered to determine the student’s academic progress.

INDEPENDENT STUDY

Courses in this category must comply with the four hours of weekly instruction. Independent study courses will be offered as an alternative for those students who require a course that is not programmed in their graduation year, be it the first or second semester. These courses will be offered through independent study if they meet the following specific criteria:

1. The course content cannot be substituted for another.

2. The course is not being offered in the division the student is enrolled in and the student cannot attend the section offered in another division.

3. The course is required for the student’s major.
The Academic Director will consider special cases individually on their own merits.

ACADEMIC PROGRESS

ACADEMIC STATUS OF THE STUDENTS

1. The retention index of the student will be in accordance to the required index of the attempted credits and will be applied to the percent of approved credits established in the table designed for this purpose.
2. Students with satisfactory academic progress have cumulative GPA that is in accordance with the approved credits established in the table designed for this purpose. These tables are program-specific and are available at the Registrars’ Office.
3. In the case of transfer students, they will be evaluated upon completing their first year of study. Transfer credits will be considered attempted credits and will not be considered for the retention index.
4. Students on academic probation are those who have cumulative GPA are lower than the retention index.

GRADE POINT AVERAGE (GPA)

1. The grade point average will be the general average of all the grades obtained by the student during his or her studies in the Institution.
2. For transfer students, courses passed with “C” that are equivalent to those of the program of study they are admitted to, will be accepted as transfer credits. Students in the graduate program must comply with the requirements established by each Master’s Degree program.

RETENTION INDEX

1. The retention index will be the minimum cumulative GPA that allows a student to continue enrolled in the Institution.

ACCUMULATED CREDITS REQUIRED AND RETENTION INDEX

1. Accumulated credits are the sum of the credits corresponding to the courses the student registers in annually.
2. To complete a degree, a student must complete all academic requirements in a period of time not to exceed 150% of the total credit hours required to obtain the degree.
3. The total of approved credits to complete the degree must meet a minimum average for graduation as established by the Major.

4. A student who reaches 150% of the total credits in his or her program of study may continue studying in his or her present status, but will not be eligible for federal or state aid administrated by the Office of Financial Aid to finance the studies.

**PROBATION**

1. To end the probation period, the student must obtain the percentage of credits and the average established. Students whose cumulative GPA is lower than the retention index established or those that do not reach the required percentage of approved credits will be put on for automatic academic probation.

2. Students who do not reach the retention index or do not reach the required percentage of approved credits during the period of automatic academic probation will be suspended for the term of one (1) academic year. Upon being suspended for one year, they may appeal one time during their student life.

**SUSPENSIONS**

1. Students whose cumulative GPA is lower than the retention index and who have not approved the percentage of required credits after ending their probation period, will be suspended from the Institution for the term of one year.

2. The Institution will not accept any courses, diplomas or degrees conferred on a student by another institution during the time he or she was suspended.

3. Students who, upon completing their suspension, are interested in being readmitted will be subject to the requirements for readmission.

4. Those students who discontinued their studies while on probation will be identified as students on probation when applying for readmission.

5. Readmitted students, upon completing the period established for their first academic sanction, must be recommended by the Admissions Committee. The student will return to a second probation period for the next academic year. If upon completing this term the student has not reached the retention index required and the percentage of credits necessary, he or she will be suspended for a maximum of two years.

6. The *Appeals Committee* may approve an extraordinary probation period for an additional academic year in the case of a student who completes the graduation requirements in that academic year.
APPEALS

Right to Appeal:

1. The student has the right to appeal the institutional determination about his or her not having obtained satisfactory academic progress as defined, if there was a crisis situation that impeded complying with this norm.

2. The Institution will consider the following crisis situations to accept an appeal and exempt the student from the norm of academic progress:
   - an illness of the student or a dependent
   - an illness of the head of the household that created an economic crisis
   - natural disasters
   - divorce of the parents/student
   - death of a parent, mother, spouse or child
   - a problem where there was an alteration in the family nucleus that in good judgment reasonably hindered the progress of the student

Appeals Committee:

The Appeals Committee will be composed of a representative of the following offices: Academic Advisor, Registrar, Financial Aid, and the Academic Director. It will be presided by the Director or his/her representative.

Applying for an Appeal:

A student who believes that his or her academic status is a result of a crisis situation may submit an Application for Appeal accompanied by the necessary documentary evidence. In the event of an error in calculation, if upon correcting the error the student meets the Progress Norms, this claim will not be counted as an appeal.

Reestablishing Financial Aid:

A student who submits an application for appeal and it has been considered favorably by the Appeals Committee, will be eligible for financial aid for the semester he or she enrolls in, if it is within the dates established by the Federal Government for payment of financial aid.
The Office of Admissions-Financial Aid will reestablish financial aid for a student by means of the letter sent by the Campus Director notifying the student of the outcome of the appeal.

FINANCIAL AID

The mission of the Student Financial Aid Program is to provide the student with scarce economic resources equal educational opportunities to obtain an academic preparation that will facilitate his integration to society.

Our Student Financial Aid Program operates under the basic principle that the primary responsibility of financing higher education is of the family. Therefore, the majority of the funds are offered under the economic criterion of need. The objectives of providing a fair distribution of the financial resources are in agreement with the state, federal and institutional dispositions. Financial Aid is available for those who qualify.

The program is made up of three components. First, scholarships that are given and thus do not have to be repaid. Second, student money loans made available at a low interest with reasonable conditions of repayment. Third, the work and study program permits students to acquire experience that is related to their program of studies and at the same time receives compensation for the work being done, thus helping with his costs of education.

The student can be eligible to receive aid of all three components, as long as these available funds will permit.
Grant-Scholarship Programs:

Federal Pell Grant:

This grant helps undergraduate students to pay for their first post-secondary education. Students must be enrolled at least on three credits to receive the benefit. The maximum award varies every year. Information may be obtained from the Office of Integrated Services and the Financial Aid Officer.

Federal Supplemental Educational Opportunity Grant (SEOG):

This grant helps undergraduate students with exceptional financial need. The amount of the awards is contingent to availability of funds.

State of Maryland – Grants:

Students of the Universidad Metropolitana may be eligible to participate in the scholarships and grants available at the Maryland Higher Education Commission’s website. For additional information, visit http://www.mhec.state.md.us/financialAid/descriptions.asp.

For “Subsidized-Direct” the government pays the interest while student’s are in school; for “Unsubsidized Direct” students are responsible for paying the interest while they are in school. If they choose not to pay the interest, it will accrue and be capitalized (added on the principal).

Federal Direct Parent Loan for Undergraduate Students (FDPLUS):

“PLUS” loans are borrowed by parents for dependent students. The interest rate is variable, with a cap of 10.5%. Repayment begins 60 days after the first disbursement.

WORK AND STUDY PROGRAM:

Federal Work-Study Program (FWSP):

A program, that requires the student work a maximum of 20 hours per week. The student is paid a competitive wage and is able to gain experience in his area of study.
How to apply for Federal Financial Aid:

To be considered for federal student aid, a student must complete a Free Application for Federal Student Financial Aid (FASFA). The FAFSA collects financial and other information used to calculate the expected family contribution (EFC) and to determine a student’s eligibility through computer matches with other agencies. The FASFA is the only form students must fill out to apply for federal financial aid.

The student must submit the Free Application for Federal Student Financial Aid (FAFSA) or Renewal FAFSA to the U.S. Department of Education at www.fafsa.gov.
